Yep! That's my plan. If for some reason I need until Friday morning, I will let you all know tomorrow. But I'm hoping to get this back to you tomorrow.

Great, thanks. So about the brief, are we still getting a copy COB Thursday to give to management?

Yes -- let's plan to discuss on Monday, 5/24. If there's anything to discuss on the brief at that point, we will cover that first. But then (assuming we have time) we can use the rest of the meeting to discuss the CD mod.

Thanks,
Devon

Thanks, Devon! So we're going to talk about this Monday? I ask because there are little fires everywhere and I could use the time until Monday for review.

Subject: CRW: Updated CD Mod

Hi all,

I have attached three documents for your review:

1. An updated redline of the CD Mod
2. A clean copy of the updated CD Mod
3. A "cliffs notes" version of the redline that we all reviewed together

The updated CD redline reflects our team discussions over the past few weeks. It also has updated automatic paragraph cross-references, which should make our lives easier moving forward. As a reminder, the redline shows changes between the clean copy of the modification and the original filed Partial Consent Decree. I deleted DOJ/team comments that we have resolved. You'll still see a handful of comments from me, either because we are still working to resolve the comment, or because a new question popped up while I was updating this version. Any new comment or update should be in bolded text.

In the cliffs notes document, you'll see bolded notes documenting the team decisions that we made during our calls. I also marked resolved comments as "done" in the cliffs notes. The edits identified in the team decision comments should all be reflected in the updated CD redline.

Please take a look. If we have time on Monday's team call after addressing any brief-related issues, I can run through my few remaining comments in the CD.

Thanks,
Devon
